

1xLED

LED SOLAR WALL LIGHT WITH EXTERNAL SOLAR PANEL

Installation on walls
or stairs

200x
SMD LED

SOLAR | **8h** | IP44

- High quality plastic
- Incl. remote control
- 3m cable length between solar panel and LED

SL025EZ

Color temperature Cold white: 6000K – 6500K

Material High quality plastic

Function Automatic switch-on by twilight sensor
Detection distance: 3-5m
Working voltage: 7,4V

Batteries Incl. 4x lithium 18650 1200mAh rechargeable batteries

Runtime Long runtime, up to 8 hours

No./type of LEDs 200x SMD

Product dimensions Height: 53cm, Width: 18cm, Depth: 17cm

Packaging type 1 pieces in box

EAN 0884620062439
